

Monthly Workshops

Every Friday 4 pm Teachers Share Ideas!

Every Friday 4-5pm we collaborate with Spring Teachers to share ideas and network together! We share recycled activities, games, and learn from each other how we can create recycled learning environments. This is also open to those homeschooling families who need support! These are free for teachers and a 50K donation for families including one of our featured activity kits.

Every Saturday 2-4pm Crochet & Knitting Circle

Come and join our crochet & knitting circle for anyone interested in learning various about the various materials that can be used for knitting, crocheting, and weaving. Bring your own needles or we can share!

Every Sunday 12-4 pm Creation Sessions

Come and join every Sunday for our Recycled Arts & Crafts sessions. This month we are sharing some ideas for creating mazes, building houses, and make a sign out of recycled bottle caps! All ages welcome!

Ask us about Birthday Parties, Homeschool Programs, Afterschool programs and Drop In arts times! Groups can schedule individual times but anyone is welcome to drop in: Tuesdays-Fridays 3-6pm and Saturdays-Sundays 10am-4pm
